Wings of Hope Memorial—Calvary Cemetery

Whether you have personally experienced pregnancy loss or want to show your support for the families who have, Wings of Hope welcomes you to this very special evening of music, reflection, and remembrance.

Families who have recently lost a child in miscarriage will be participating in a burial service. We also invite families who have lost a child in pregnancy to participate in a “spiritual burial”. For more information about this non-denominational service, please contact Wings of Hope.
