The Wings of Hope miscarriage memorial site is a sacred, beautiful place for grieving families and the community. To preserve the sanctity of the memorial we cannot accept paver order forms with the names of businesses or other advertising materials. Businesses and organizations interested in financially supporting Wings of Hope will be recognized in our print and other media materials. The memorial site provides a place of remembrance and Christian common burial for children lost in miscarriage. For more information about the burial option, offered in conjunction with Mankato Mortuary, please see our website.
